

Golden 3 Home Learning

You've heard of having your 5 a day? Well here at CTK we would like you to have your **golden 3** a day. Your **golden 3** a day is doing something that involves:

- 1) Something to practise your **Reading** skills
- 2) Something to practise your **Writing/Comprehension** skills (A piece of fiction/non-fiction etc – this may be built up over the week)
- 3) Something to practise your **Maths** skills.

The **golden 3** is what we would **REALLY** like you to focus on each day, if you are not able to do anything else, please aim to complete these. 😊

YOUR teachers will be thinking of ideas to help keep learning going in these areas and so to achieve your golden three, you could use the ideas given by your class teacher...**OR...YOU** could come up with your own **golden 3** BECAUSE we know how you love to be INVENTIVE!

So, perhaps for:

- 1) **Reading (Golden 1)** – read some instructions or your phonics
- 2) **Writing/Comprehension (Golden 2)** – have a go at writing your own fiction or non-fiction (Maybe even a story where there will be lots of chapters that you add each day!)
- 3) **Maths (Golden 3)** – try some counting - create a new game to practise your times tables or count out loud as you plant some seeds / pair your socks up!

If you are **REALLY** up for a challenge and you've completed your daily **golden 3**, then why not also have a go at the other tasks /suggestions that your teacher may have made for the day.

Most importantly, please try and remember to let us see how you are getting on - send us a picture on Tapestry (Reception and the Ark) or Classdojo!
