

## *PE and Sport Premium Grant 2015-2016*

### *What is the PE and Sport Premium Grant?*

*The PE and Sport Premium Grant is an amount of funding from the government given either directly to schools or via local authorities. It is in addition to the school budget and is to be used specifically to improve PE and sport within the school.*

### *What are the aims of the PE and Sport Grant?*

*Schools must use the funding to improve the range and quality of PE and sporting activities available to their pupils. Each school is responsible for deciding how their Grant is best used. The following are examples of how funding may be used:*

- hire specialist PE teachers*
- hire qualified sports coaches to work alongside teachers*
- provide existing staff with teaching resources to help them teach PE and sport*
- support and involve the least active children by running or extending school sports clubs*
- run sport competitions or increase pupils' participation in the School Games*
- run sports activities with other schools*
- run sports competitions both within and across schools*

### *Funding for the academic year 2015/16:*

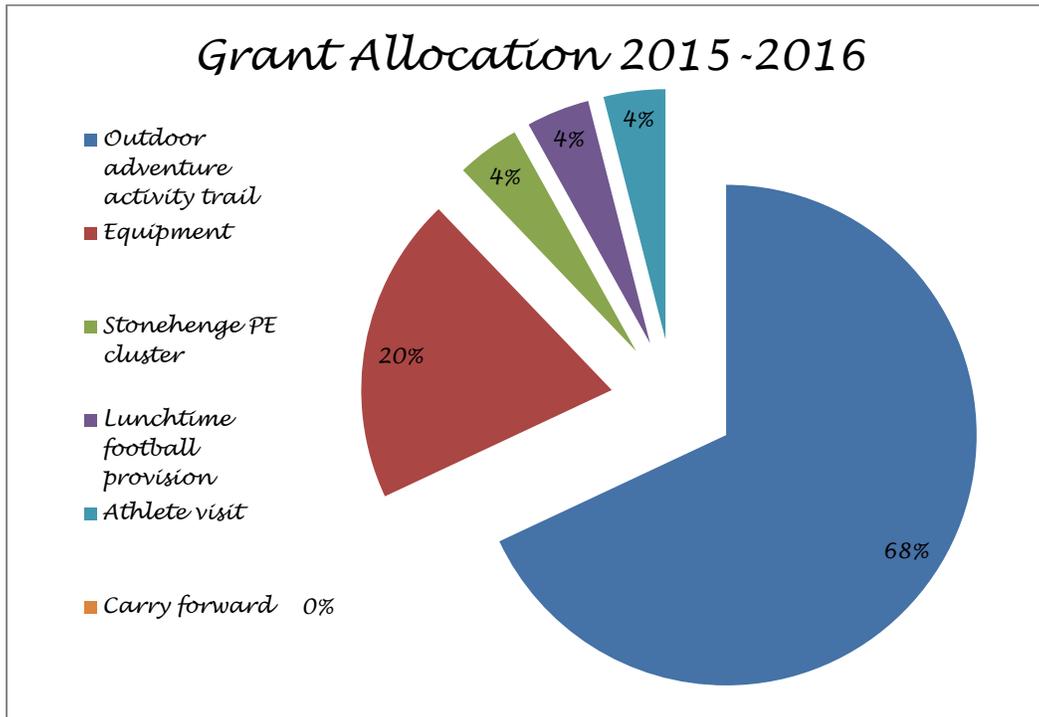

*Schools with 17 or more eligible pupils receive £8,000 and an additional payment of £5 per pupil aged between five and eleven. Funding is received in two installments; one in October 2015 and one in April 2016. The amount received by Christ The King in 2015/16 was £9030. In addition to this £2,197 was carried forward from the 2014/2015 budget creating a total budget of £11,227. The total amount invested in PE and Sport for the academic year was £12,253.14 with the remaining £1,026.14 coming from local authority funding.*

### *How was the Grant invested?*

- £8,334.68 - purchase and installation of outdoor adventure activity trail.*
- £2,430.46 - upgrading and augmenting physical resources.*
- £500.00 - subscription to Stonehenge School's Primary PE Cluster which provides the opportunity to participate in*

*interschool competition.*

- £500.00 - lunchtime football coaching to increase sporting participation and physical activity.
- £488.00 - curriculum enrichment visit from two elite athletes including PE lessons for years two to six.
- Zero balance carried forward to 2016-2017.

### ***Impact of the PE and Sport Grant 2015-16***

- *The outdoor adventure activity trail was purchased in term six and, due to ongoing building works, is as yet inaccessible. The equipment purchased in partnership with the school PTA and demonstrates the collective recognition of the importance of increasing the range of PE activities as a means to increase participation and enjoyment in sport and physical activity. The trail includes a wide range of equipment with varying degrees of physical challenge and as such is suitable for all children from EYFS to year six. The equipment will be used by children throughout the year in PE lessons as well as break and lunch times. The trail will also be the focal point for intra school challenges.*
- *The process of auditing and monitoring physical resources was ongoing throughout the course of the academic year. Particular areas for improvement were identified as being the*

quality and availability of sports specific equipment, balance equipment for EYFS and opportunities for resource base pupils. The full budget includes a detailed analysis of how the Grant was utilised to address these needs. The table below provides a summary of spending on each of these target areas:

<i>Sports specific</i>	<i>£1,702.58</i>
<i>EYFS balance</i>	<i>£379.92</i>
<i>Resource base</i>	<i>£347.96</i>
<i>Total</i>	<i>£2,430.46</i>

The increased range and quality of sports equipment has increased interest and participation in lessons and break times alike. Feedback from EYFS pupils and staff regarding their balance equipment has been positive, it is being used in both adult and child led learning. The addition of the kurling set has enabled resource base pupils and staff to continue implementing the skills and interest they developed whilst training for and participating in the SEND kurling festival at Stonehenge school. All equipment purchased is of high quality to ensure longevity and thus maximising the impact on future participation and enjoyment within the school.

- Children from all classes including the resource base competed at interschool fixtures and festivals run by Stonehenge School. Children participated in a range of competitions including badminton, kurling, football, table tennis, cross country running and swimming. Feedback from children was positive in particular they enjoyed participating with and against children from other schools and were keen to experience more competition.
- Children were keen to participate in lunchtime football which ran throughout the year. Many children that chose to participate are less active during morning break but benefit physically and socially from the structured activity.
- The athlete visit was inspirational for the children. The assembly and PE lessons that were delivered engaged all children and generated interest in the local athletics club.

#### *Planned further improvements for 2016-17*

- To engage more pupils in sports clubs, at lunchtimes and after school (target 50% or more).

- *To further develop the framework for intra school competition.*
- *To increase participation in inter-school competition.*
- *To continue to work towards a National PE Standard award (Sainsbury's Kitemark)*
- *To continue to increase the range of sports and activities available to all children.*
- *To continue to establish links with local sports clubs in order to further support and encourage our pupils to be physically active.*
