

## PE and Sport Premium Grant 2014-2015

### What is the PE and Sport Premium Grant?

The PE and Sport Premium Grant is an amount of funding from the government given either directly to schools or via local authorities. It is in addition to the school budget and is to be used specifically to improve PE and sport within the school.

### What are the aims of the PE and Sport Grant?

Schools must use the funding to improve the range and quality of PE and sporting activities available to their pupils. Each school is responsible for how deciding how their Grant is best used. Examples of , we could use your funding to:

- hire specialist PE teachers
- hire qualified sports coaches to work alongside teachers
- provide existing staff with teaching resources to help them teach PE and sport
- support and involve the least active children by running or extending school sports clubs
- run sport competitions or increase pupils' participation in the School Games
- run sports activities with other schools
- run sports competitions both within and across schools

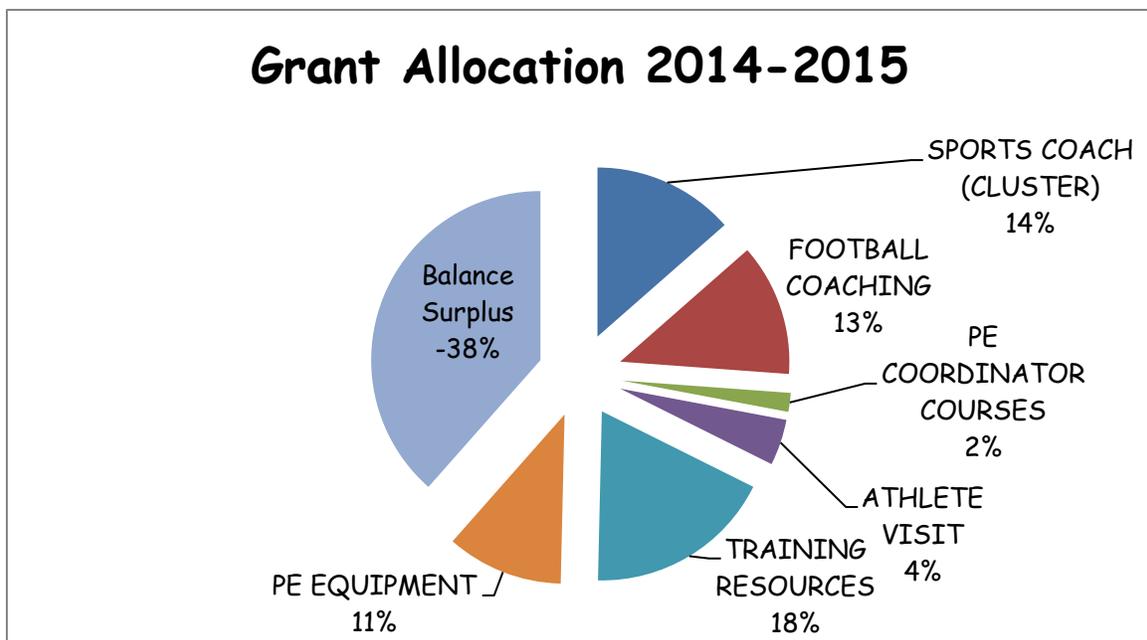

### Funding for the academic year 2014/15:

Schools with 17 or more eligible pupils receive £8,000 and an additional payment of £5 per pupil aged between five and eleven. Funding is received in two installments; one in October 2014 and one in April 2015. The amount received by Christ The King in 2014/15 was £9015. In addition to this £2,070 was carried forward from the 2013/2014 budget creating a total budget of £11,085.

### How was the Grant invested?

- £1,995 - new teaching resources ([real PE programme](#)) including training for all teaching and support staff to maximise the impact.
- £1500 - subscription to Stonehenge School's Primary PE Cluster which provides the opportunity to participate in interschool competition.

- £1400 - lunchtime football coaching to increase sporting participation and physical activity.
- £1,235 - upgrading and augmenting the school's PE equipment.
- To continue to allow teams to take part in competitive matches and tournaments against other schools.
- £488 - a curriculum enrichment visit from two elite athletes who delivered PE lessons to years two to six.
- £200 - training courses for the PE coordinator.
- £6,818 - total expenditure
- £4,267 - balance surplus to carry forward to 2015/16

### Impact of the PE and Sport Grant 2014-15

- The 'real PE' programme was purchased in term six and was taught to all classes for one hour per week. The impact on lessons was immediately evident, particularly in EYFS and KS1. The program focuses on developing the fundamental movement skills of agility, balance and coordination. In EYFS and KS1 this is delivered through themed lessons which according to pupil feedback are fun and engaging. In KS2 lessons are no longer themed but according to pupils are also fun and engaging. This is increasing activity levels and

progression of skills. The programme will continue to be delivered across the school and will have a lasting impact on teaching and learning.

- Children from all classes including the resource base were able to compete in interschool fixtures and festivals run by Stonehenge School. Children were to participate in a range of competitions including badminton, football, table tennis, cross country and swimming. Feedback from the children was positive, they enjoyed participating with and against children from other schools and were keen to experience more competitions.
- Children were keen to participate in lunchtime football which ran throughout the year. Many children that chose to participate are less active during morning break but benefit physically and socially from the structured activity.
- A range of PE equipment was purchased throughout the year to ensure that it was both plentiful and of high quality. The improved equipment has increased opportunity for and uptake in participation.
- The athlete visit was inspirational for the children. The assembly and PE lessons that were delivered engaged all children and generated interest in the local athletics club.
- The training courses and conferences attended by the PE coordinator were instrumental in guiding PE policy and delivery across the school. The updated policy and teaching and learning resources now in place as a result of these courses will help the school achieve the goal of delivering outstanding PE and sporting opportunities for our children.

### **Planned further improvements for 2015-16**

- To further improve PE equipment and resources.
- To engage more pupils in sports clubs, at lunchtimes and after school (target 50% or more).
- To develop and implement a framework for intra school competition.
- To increase participation in inter-school competition.
- To work towards a National PE Standard award (Sainsbury's Kitemark)
- To increase the range of sports and activities available to all children.
- To make more links with sports clubs in the local area in order to further support and encourage our pupils to be physically active.
