- 1.2 We will collect, store and process Personal Data about our staff, pupils, parents, suppliers and other third parties. We recognise that the correct and lawful treatment of this data will maintain confidence in the School and will ensure that the School operates successfully.
- 1.3 Christ the King Catholic Primary School is obliged to comply with this policy when processing Personal Data on our behalf. Any breach of this policy may result in disciplinary action.
- 1.4 School Business Manager is responsible for helping to comply with the School's obligations. All queries concerning data protection matters should be raised with School Business Manager.

4 Christ the King Catholic Primary School's obligations

4.1 Personal Data must be processed fairly, lawfully and transparently

4.1.1 What does this mean in practice?

- (a) "Processing" covers virtually everything which is done in relation to Personal Data, including using, disclosing, copying and storing Personal Data.
- (b) People must be told what data is collected about them, what it is used for, and who it might be shared with, unless it is obvious. They must also be given other information, such as, what rights they have in their information, how long we keep it for and about their right to complain to the Information Commissioner's Office (the data protection regulator).

This information is often provided in a document known as a privacy notice or a transparency notice. Copies of the School's privacy notices can be obtained from School Business Manager or accessed on the School's website. You must familiarise yourself with the School's Pupil, Parent and Staff Privacy notices.

- (c) If the School is using Personal Data in a way which you think an individual might think is unfair please speak to School Business Manager.
- (d) Christ the King Catholic Primary School must only process Personal Data for the following purposes:
 - (i) ensuring that the School provides a safe and secure environment;
 - (ii) providing pastoral care;
 - (iii) providing education and learning for our pupils;
 - (iv) providing additional activities for pupils and parents (for example activity clubs);
 - (v) protecting and promoting the School's interests and objectives (for example fundraising);
 - (vi) safeguarding and promoting the welfare of our pupils; and
 - (vii) to fulfil the School's contractual and other legal obligations.
- (e) If the school wants to do something with Personal Data that is not on the above list, or is not set out in the relevant privacy notice(s), they must speak to the School Business Manager. This is to make sure that the School has a lawful reason for using the Personal Data.
- (f) We may sometimes rely on the consent of the individual to use their Personal Data. This consent must meet certain requirements and therefore you should speak to School Business Manager if you think that you may need to obtain consent.

4.2 Christ the King Catholic Primary School must only process Personal Data for limited purposes and in an appropriate way.

4.2.1 What does this mean in practice?

- (a) For example, if pupils are told that they will be photographed to enable staff to recognise them when writing references, you should not use those photographs for another purpose (e.g. in the School's prospectus). Please see the School's Code of Conduct and the Guidance for Staff on the use of Photographs and Videos of Pupils by the School for further information relating to the use of photographs and videos.

4.3 Personal Data held must be adequate and relevant for the purpose

4.3.1 What does this mean in practice?

- (a) This means not making decisions based on incomplete data. For example, when writing reports you must make sure that you are using all of the relevant information about the pupil.

4.4 The school must not hold excessive or unnecessary Personal Data

4.4.1 What does this mean in practice?

- (a) Personal Data must not be processed in a way that is excessive or unnecessary. For example, the school should only collect information about a pupil's medical history if that Personal Data has some relevance, such as allowing the School to care for the pupil and meet their medical needs.

4.5 The Personal Data that the school holds must be accurate

4.5.1 What does this mean in practice?

- (a) The school must ensure that Personal Data is complete and kept up to date. For example, if a parent notifies the school that their contact details have changed, the school should update the School's information management system.

4.6 The School must not keep Personal Data longer than necessary

4.6.1 What does this mean in practice?

- (a) The School has a policy about how long different types of data should be kept for and when data should be destroyed. This applies to both paper and electronic documents. The school must be particularly careful when deleting data.
- (b) Please speak to School Business Manager for guidance on the retention periods and secure deletion.

4.7 The School must keep Personal Data secure

4.7.1 The School must comply with the following School policies and guidance relating to the handling of Personal Data:

- (a) information security policy;
- (b) Guidance for Staff on the use of Photographs and Videos of Pupils by the School;
- (c) IT acceptable use policy for staff; and
- (d) information and records retention policy.

4.8 **The school must not transfer Personal Data outside the EEA without adequate protection**

4.8.1 What does this mean in practice?

- (a) If the school needs to transfer personal data outside the EEA please contact School Business Manager. For example, if the school is arranging a school trip to a country outside the EEA.

5 **Sharing Personal Data outside the School - dos and don'ts**

5.1 Please review the following dos and don'ts:

5.1.1 **DO** share Personal Data on a need to know basis - think about why it is necessary to share data outside of the School - if in doubt - always ask your manager].

5.1.2 **DO** encrypt emails which contain Critical Personal Data described in paragraph 3.8 above. For example, encryption should be used when sending details of a safeguarding incident to social services.

5.1.3 **DO** make sure that the school has permission from your School Business Manager to share Personal Data on the School website.

5.1.4 **DO** be aware of "blagging". This is the use of deceit to obtain Personal Data from people or organisations. The school should seek advice from School Business Manager where you are suspicious as to why the information is being requested or if you are unsure of the identity of the requester (e.g. if a request has come from a parent but using a different email address).

5.1.5 **DO** be aware of phishing. Phishing is a way of making something (such as an email or a letter) appear as if it has come from a trusted source. This is a method used by fraudsters to access valuable personal details, such as usernames and passwords. Don't reply to email, text, or pop-up messages that ask for personal or financial information or click on any links in an email from someone that you don't recognise. Report all concerns about phishing to the IT department.

5.1.6 **DO NOT** disclose Personal Data to the Police without permission from the Headteacher or the School Business Manager (unless it is an emergency).

5.1.7 **DO NOT** disclose Personal Data to contractors without permission from Headteacher or the School Business Manager. This includes, for example, sharing Personal Data with an external marketing team to carry out a pupil recruitment event.

6 **Sharing Personal Data within the School**

6.1 This section applies when Personal Data is shared within the School.

6.2 Personal Data must only be shared within the School on a "need to know" basis.

6.3 Examples of sharing which are **likely** to comply with data protection legislation:

6.3.1 a teacher discussing a pupil's academic progress with other members of staff (for example, to ask for advice on how best to support the pupil);

6.3.2 informing an exam invigilator that a particular pupil suffers from panic attacks; and

- 6.3.3 disclosing details of a teaching assistant's allergy to bee stings to colleagues so that they will know how to respond (but more private health matters must be kept confidential).
- 6.4 Examples of sharing which are **unlikely** to comply with data protection legislation:
- 6.4.1 informing all staff that a pupil has been diagnosed with dyslexia (rather than just informing those staff who teach the pupil); and
- 6.4.2 disclosing personal contact details for a member of staff (e.g. their home address and telephone number) to other members of staff (unless the member of staff has given permission or it is an emergency).
- 6.5 The school may share Personal Data to avoid harm, for example in child protection and safeguarding matters. The school has trained all staff on when to share information regarding welfare and safeguarding issues.

7 **Individuals' rights in their Personal Data**

- 7.1 People have various rights in their information.
- 7.2 The school must be able to recognise when someone is exercising their rights so that the matter can be referred to the School Business Manager. These rights can be exercised either in writing (e.g. in an email) or verbally.
- (a) Please let the School Business Manager know if anyone (either for themselves or on behalf of another person, such as their child):
- (i) wants to know what information the School holds about them or their child;
 - (ii) asks to withdraw any consent that they have given to use their information or information about their child;
 - (iii) wants the School to delete any information;
 - (iv) asks the School to correct or change information (unless this is a routine updating of information such as contact details);
 - (v) asks for electronic information which they provided to the School to be transferred back to them or to another organisation;
 - (vi) wants the School to stop using their information for direct marketing purposes. Direct marketing has a broad meaning for data protection purposes and might include communications such as the School newsletter or alumni events information; or
 - (vii) objects to how the School is using their information or wants the School to stop using their information in a particular way, for example, if they are not happy that information has been shared with a third party.

8 **Requests for Personal Data (Subject Access Requests)**

- 8.1 One of the most commonly exercised rights mentioned in section 7 above is the right to make a subject access request. Under this right people are entitled to request a copy of the

Personal Data which the School holds about them (or in some cases their child) and to certain supplemental information.

- 8.2 Subject access requests do not have to be labelled as such and do not even have to mention data protection. For example, an email which simply states "Please send me copies of all emails you hold about me" is a valid subject access request. You must always immediately let the School Business Manager know when you receive any such requests.
- 8.3 Receiving a subject access request is a serious matter for the School and involves complex legal rights. Staff must never respond to a subject access request themselves unless authorised to do so.
- 8.4 When a subject access request is made, the School must disclose all of that person's Personal Data to them which falls within the scope of his/her request - there are only very limited exceptions.

9 **Breach of this policy**

- 9.1 A breach of this policy may be treated as misconduct and could result in disciplinary action including in serious cases, dismissal.
- 9.2 A member of staff who deliberately or recklessly discloses Personal Data held by the School without proper authority is also guilty of a criminal offence.
